

Searafting

Whether the sea is calm or rough, nature is a fascinating place to seek recreation while on board one of our RIBs.

Speed, salty sea spray, beautiful nature and great memories together, make this a great experience.

The boats we use are of the best quality with a focus on safety, performance, and comfort on board.

We have a very unique archipelago that offers exciting experiences, great places to explore and a distinguished history, regardless of the weather.

Practical

Participants: 150 seats

Number per boat: max 12

Season: year round

Duration: 1.5-4 hours.

Other: Must be free of ice and warmer than - 10 ° C

Equipment and safety

We have the necessary navigation equipment, VHF etc on board

We have first aid equipment on all tours.

Success Criteria

Experienced skippers and trained guides

Well-maintained equipment

Best practices and services that are monitored

Personalized routes

We customize the tour for the guests

All onboard Web: www.allonboard.no Email: post@allonboard.no Office: +47 33 35 32 50

We drive where you are

Throughout the Oslo Fjord, from the Swedish border to Kragerø. We are happy to take a ride in Færder National Park, visit a famous lighthouse, drive through narrow straits and have fun with speed and waves.

We customize the tour as you desire.

For larger groups we could add sailing with this activity. Some could sail while others drive the RIB. And then after some time the two groups switches.

Please contact us if you have any questions about our activities and events.

RIB

The price includes: instructor, fuel, coveralls, lifejackets, and also the transportation of the boat to and from the destination.

Film between 3-5 min which summarizes the day can also be added.

Exotic places

We know the pearls in the archipelago that sets the perfect atmosphere for your event.

After Action

Good food is important for a successful event. We can create for or with you, lovely food based on current ingredients. Special menu sent on request.
